Dear Madam/Sir:

I am a subscriber to XM satellite radio. I understand that the National Association of Broadcasters (NAB), is trying to dictate to the FCC what I am permitted to hear over the satellite radio. I believe it is only a special interest group trying to protect its turf by trying to block my access to local weather and traffic reports over the satellite radio.

I urge you to flat-out reject NAB's petition 04-160 in the name of freedom of the airwaves.

Sincerely, Alfred J. Senge
